MEMORANDUM FOR: HQ, USAF
APCIO-5

SUBJECT : New Project

1. In view of transactions which are already being accomplished in support of Project "O", i.e., modification of engine bellies by LAC, it becomes imperative that accounting procedures must be established immediately to cover the new operation. It is suggested that [redacted] be utilized as a control point in support of a supply program such as it has been in support of Project CHALICE. Further, in order that an expedited program may be realized, it is requested that a satisfactory project title or code, for requisitioning and control purposes, be designated and approved for this project. 25X1A
